APPLICATION INFORMATION

Purpose and Availability

The Women With Promise goal is to offer women the opportunity to begin or restart their journey toward a college degree. Higher education is a life-changing path that opens new career opportunities with the prospect of financial enrichment and a higher quality of life. Outcomes include improved self-esteem, higher job satisfaction and instilling an important family legacy of college education in future generations.

Education breaks down barriers and opens doors of opportunity. Education is critical to securing employment and gaining financial stability, both of which are necessary for independence and self-sufficiency. Women With Promise's goal is to provide support to women in need who want to complete an education program.

First priority candidates are women who have the greatest emotional and financial challenges as they gain the work skills necessary to support themselves and/or their families. To the Sponsor:

The largest barriers many women face in returning to school are the emotional pressures of navigating in a foreign environment, and juggling work, school and potentially single parenting. Access to a consistent source of support and assistance while in school can have an enormous impact on a woman's ability to succeed. To ensure that each scholarship recipient has both the backing and support she needs to achieve her educational goals, this scholarship program requires that each candidate have the support of a sponsoring organization. It is the scholarship candidate's responsibility to identify a sponsor. The sponsor may be any non-profit {501(c)(3)} service agency that has known and worked with the candidate for a minimum of six month.

The Sponsoring Agency Requirements:

Assess and then attest to the viability of the academic plan and the candidate's readiness for the program. The sponsor must review the candidate's application and the proposed plan of study:

- Will achievement of the education plan assist the candidate in reaching her goals?
- Does the candidate have the ability to complete the education plan outlined?

Provide support, encouragement and advocacy to the scholarship recipient. An advocate or case manager assigned to the student should assist her to develop, and regularly review, a personal economic plan. The economic plan incorporates all steps necessary to achieve the woman's job or career objective. These steps include budgeting of time and money, clear education goals, building a support network, taking advantage of the resources available in her community regarding medical care, transportation, etc. and acclimating her to the language, campus and systems of the school or training program in which she is enrolled.

If you are willing to take on this role, please complete the Sponsor Agreement form and return it to your candidate, along with a copy of your 501(c)(3) verification letter and “Authorization for Release of Information” signed by you and the candidate. The candidate must include these materials with her application packet.
